	2	Verify below components are displayed on the page -Title having "Welcome to our career portal" -Email input field with label "Enter your email to continue" -Continue button	Goto the career portal URL Check all the components	Mentioned components should be displayed	Pass	UI	High
	3	Check the spelling of all the text labels available on the page	Goto the career portal URL Check the spellings of all the text labels and I	Spelling should be correct	Fail	UI	High
	4	Check if the block is aligned in center of the screen	Goto the career portal URL Check the position of the whole enter email b	The Enter email block should be aligned in ce	Pass	UI	High
	5	Check the load time of the URL	Goto the career portal URL Check the response time	Response time should be less than 5 second	Pass	Performance	High
	6	Check the URL is loading in other browsers such as chrome, edge, firefox, safari etc.	Enter the URL in Chrome browser Enter the URL in Firefox browser Enter the URL in Safari browser Enter the URL in Edge browser	URL should be loaded correctly in all browser	Pass	Cross browser	High
	7	Check the URL is loading in other platforms such as Mac, linux, windows, android, IOS and check each with different browsers also		URL should be loaded correctly in all browser	Not executable	Compatibility	High
Email input field	8	Check the response after entering valid email id format	Goto the career portal URL Enter valid email id Click on Continue	Application form should be loaded	Pass	Positive	High
	9	Check the response after entering invalid email id formats	Goto the career portal URL Enter invalid email id having space, No @ syr Click on Continue	Validation should be displayed saying "Incorr	Fail	Negative	High
	10	Check the response if email id field is kept blank	Goto the career portal URL Click on Continue without entering email	Validation should be displayed	Pass	Negative	High
	11	Check the response if only space or dot is entered in email id field	Goto the career portal URL Enter only space or dot in email Click on Continue	Validation should be displayed	Fail	Negative	HIgh
	12	Check the response after entering other website link or any google doc link	Goto the career portal URL Enter Website link or document link Click on Continue	Validation should be displayed	Fail	Negative	High
	13	Check the response when there is no internet connection and user clicks on continue button	Goto the career portal URL Enter email Switch off the internet Click on Continue	Validation should be displayed	Not executable	Negative	High
	14	Check the spelling of the continue label on the button	Goto the career portal URL	Spelling should be correct	Pass	UI	High
New User- Application	15	Verify the heading "Job Application Form" is displayed for new user	Goto the career portal URL Enter valid email id Click on Continue	Job Application Form is displayed on the hea	Pass	UI	High
First name input field	16	Check if user is able to enter the text in first name	Goto the career portal URL Enter valid email id Click on Continue Enter any text in the first name	User should be able to enter text in the name	Pass	Positive	High
	17	Check the response if user enters invalid value in first name i.e. numbers or special characters etc	Goto the career portal URL Enter valid email id Click on Continue Enter any special characters or numbers in fir	Validation should be displayed	Fail	Negative	Medium
	18	Check the maximum limit of the first name field	Goto the career portal URL Enter valid email id Click on Continue Enter long size text in first name	Validation should be displayed	Fail	Negative	Low
	19	Check the response if first name field is kept blank	Goto the career portal URL Enter valid email id Click on Continue Enter all details in the form except first name Click on submit	Validation should be displayed	Fail	Negative	High
Last name input field	20	Check if user is able to enter the text in last name input field	Goto the career portal URL Enter valid email id Click on Continue Enter any text in the last name	User should be able to enter text in the name	Pass	Positive	High
	21	Check the response if user enters invalid value in last name i.e. numbers or special characters etc	Goto the career portal URL Enter valid email id Click on Continue Enter any special characters or numbers in la	Validation should be displayed	Fail	Negative	Medium
	22	Check the maximum limit of the last name field	Goto the career portal URL Enter valid email id Click on Continue Enter long size text in last name	Validation should be displayed	Fail	Negative	Low
	23	Check the response if last name field is kept blank	Goto the career portal URL Enter valid email id Click on Continue Enter all details in the form except last name Click on submit	Validation should be displayed	Fail	Negative	High
Age input field	24	Check if user is able to enter number in age field	Goto the career portal URL Enter valid email id Click on Continue Enter number in age field	Number should be accepted	Pass	Positive	High
	25	Check the maximum limit of the age field is 99 years	Goto the career portal URL Enter valid email id Click on Continue Enter 100, 3 digit numbers and long length nu	Maximum age limit should be 99 years	Fail	Negative	High
	26	Check the response if user enter characters and special characters in age field	Goto the career portal URL Enter valid email id Click on Continue Enter special charcter and characters in age t	Special characters and characters should not	Pass	Negative	Medium
	27	Check the response if user enters 0, space or decimal in age field	Goto the career portal URL Enter valid email id Click on Continue Enter space, 0 or decimal in age field	Space, 0 or decimal should not be allowed	Pass	Negative	Low
	28	Verify the validation when the user enters a lengthy number	Goto the career portal URL Enter valid email id Click on Continue Enter Unlimited numbers age field	Unlimited number/ Lenghtly numbers should	Fail	Negative	Low
	29	Check the response if user enters negative number	Goto the career portal URL Enter valid email id Click on Continue	Negative number should not allowed	Fail	Negative	Low
	30	Verify the functionality of increase and decrease number button in age field	Goto the career portal URL Enter valid email id Click on Continue	Increase and decrease button should work pr	Pass	Functional	Medium
	31	Check the response if age field is kept blank	Goto the career portal URL Enter valid email id Click on Continue	Validation should display if age is blank	Fail	Negative	High
Date of Birth	32	Check if user is able to select date, month and year	Goto the career portal URL Enter valid email id Click on Continue	User should be able to select, date, month an	Pass	Positive	High
	33	Check if date is displayed in correct format after selection	Goto the career portal URL Enter valid email id Click on Continue	Date should be displayed in correct format	Pass	UI	High
	34	Check if user can manually edit or update the date, month and year	Goto the career portal URL Enter valid email id Click on Continue	User should be able to edit or update the date	Fail	Functional	Medium
	35	Check the Validation if users enter future date	Goto the career portal URL Enter valid email id Click on Continue	Future date should not be allowed in date of t	Fail	Negative	High
	36	Check the usability while selecting date of birth	Goto the career portal URL Enter valid email id Click on Continue	User should be able to select year and month	Fail	Usability	High

Section	#	Description	Test Steps	Expected Result	Status	Type	Priority
	37	Check if Clear button resets the date field	Goto the career portal URL / Enter valid email id / Click on Continue	Date field should get blank when clear button	Pass	Functional	Low
	38	Check if "Today" button in calendar adds todays date	Goto the career portal URL / Enter valid email id / Click on Continue	Todays date should be added after clicking on	Pass	Functional	Low
	39	Check the validation if user enter date in incorrect format	Goto the career portal URL / Enter valid email id / Click on Continue	Validation should be displayed when 6 digit d	Pass	Negative	Medium
	40	Check the response if date of birth field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Validation should be displayed if date field is I	Fail	Negative	High
Phone Number field	41	Check if user is able to enter phone number with country code	Goto the career portal URL / Enter valid email id / Click on Continue	User should be able to enter the phone numb	Pass	Positive	High
	42	Check the response if user enters phone number in invalid format which is not matching with placeholder value	Goto the career portal URL / Enter valid email id / Click on Continue	Incorrect format should not be allowed	Fail	Negative	Medium
	43	Check the response if user enters characters, special characters in phone number	Goto the career portal URL / Enter valid email id / Click on Continue	Characters and special characters should not	Fail	Negative	Low
	44	Check the maximum limit of the phone number field	Goto the career portal URL / Enter valid email id / Click on Continue	Unlimited number should not be allowed	Fail	Negative	Low
	45	Check the response if phone number field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Validation should be displayed if Phone numb	Fail	Negative	High
LinkedIn URL field	46	Check if user is able to enter LinkedIn URL	Goto the career portal URL / Enter valid email id / Click on Continue	User should be able to enter Linkedin URL	Pass	Positive	High
	47	Check the response if users enters invalid LinkedIn URL which is not matching with placeholder value	Goto the career portal URL / Enter valid email id / Click on Continue	Validation should be displayed if linkedin URL	Pass	Negative	High
	48	Check the response if LinkedIn URL field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Validation should be displayed when LinkedIn	Fail	Negative	High
Applying for (Select M	49	Verify if user is able to select multiple checkboxes under "Applying for"	Goto the career portal URL / Enter valid email id / Click on Continue	User should be able to select multiple checkb	Pass	Functional	High
	50	Check if there are no duplicate values/ mirror effect while selecting checkboxes	Goto the career portal URL / Enter valid email id / Click on Continue	There should be no duplicate values/ mirror e	Pass	UI	High
	51	Check the response if no checkbox is selected in "Applying for" Question	Goto the career portal URL / Enter valid email id / Click on Continue	Message should be displayed to select any o	Fail	Negative	High
	52	Check the spelling of all the values under "Applying for"	Goto the career portal URL / Enter valid email id / Click on Continue	Correct spelling should be displayed for all th	Pass	UI	High
	53	Check the alignment of checkboxes and text labels under "Applying for"	Goto the career portal URL / Enter valid email id / Click on Continue	Alignment should be correctly displayed	Pass	Ui	Medium
	54	Verify text input field is appearing when "Others" is selected	Goto the career portal URL / Enter valid email id / Click on Continue	Text input field should be appeared when Oth	Pass	Functional	High
	55	Verify the functionality of text field when user selects "Others" position	Goto the career portal URL / Enter valid email id / Click on Continue	User should be able to enter text values in th	Pass	Functional	Medium
	56	Check the response if text field is kept blank when user selects Others	Goto the career portal URL / Enter valid email id / Click on Continue	Message should be displayed when Others is	Fail	Negative	Medium
Current Companies (S	57	Verify user is able to select multiple checkboxes under Current Companies	Goto the career portal URL / Enter valid email id / Click on Continue	User should be able to select multiple checkb	Pass	Functional	High
	58	Check if there are no duplicate values/ mirror effect while selecting checkboxes under Current Companies	Goto the career portal URL / Enter valid email id / Click on Continue	There should be no duplicate values/ mirror e	Fail	UI	High
	59	Check the spelling of all the values under Current Companies	Goto the career portal URL / Enter valid email id / Click on Continue	Correct spelling should be displayed for all th	Pass	UI	High
	60	Check the alignment of checkboxes and text labels under Current companies	Goto the career portal URL / Enter valid email id / Click on Continue	Alignment should be correctly displayed	Pass	UI	Medium
	61	Check the response if no checkbox is selected under "Current Companies" Question	Goto the career portal URL / Enter valid email id / Click on Continue	Message should be displayed to select any o	Fail	Negative	High
Years of Experience	62	Check if user can enter numbers in years of experience field	Goto the career portal URL / Enter valid email id / Click on Continue	Numbers should be allowed in years of exper	Pass	Positive	High
	63	Check the maximum limit for years of experience field	Goto the career portal URL / Enter valid email id / Click on Continue	Maximum limit should be 2 digits	Fail	Negative	Medium
	64	Check the response if user enter characters and special characters in Years of Experience field	Goto the career portal URL / Enter valid email id / Click on Continue	No characters and special characters allowed	Pass	Negative	Low
	65	Check the response if user enters 0, space or decimal in Years of Experience field	Goto the career portal URL / Enter valid email id / Click on Continue	0, space or decimal should not be allowed	Pass	Negative	Low
	66	Check the response if user enters negative number in Years of Experience	Goto the career portal URL / Enter valid email id / Click on Continue	Negative number should not be allowed	Fail	Negative	Low
	67	Verify the functionality of increase and decrease number button in Years of Experience field	Goto the career portal URL / Enter valid email id / Click on Continue	Increase and decrease button should work pr	Pass	Functional	Medium
	68	Check the validation when user enters lenghty number in experience field	Goto the career portal URL / Enter valid email id / Click on Continue	Unlimited numbers should not be allowed	Fail	Negative	Low
	69	Check the response if Years of Experience field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Message should appear when experience is I	Fail	Negative	High
Language dropdown	70	Verify the dropdown appears when clicked on language	Goto the career portal URL / Enter valid email id / Click on Continue	Dropdown should appear when clicked on lar	Pass	Functional	High
	71	Check if user is able to select only one value in language dropdown	Goto the career portal URL / Enter valid email id / Click on Continue	Only one value is allowed to select	Pass	Functional	High
	72	Check the spelling of all the values in language dropdown	Goto the career portal URL / Enter valid email id / Click on Continue	Spelling should be correct	Pass	UI	Medium
	73	Check if there are no duplicate values/ mirror effect while selecting the language	Goto the career portal URL / Enter valid email id / Click on Continue	No duplicate value should be displayed	Pass	UI	High
	74	Check the response if language field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Appropriate message should be displayed	Fail	Negative	High
Upload Resume	75	Verify user can upload valid file formats in resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	Valid file formats should be accepted (PDF, d	Pass	Positive	High
	76	Check the file name is displayed after uploading the resume	Goto the career portal URL / Enter valid email id / Click on Continue	File name should be displayed	Fail	UI	High

Module	#	Test Case	Steps	Expected Result	Status	Type	Priority
	77	Check if success message is displayed after uploading resume	Goto the career portal URL / Enter valid email id / Click on Continue	Success message should be displayed after	Pass	Usability	High
	78	Check the validation if user uploads a Resume file having more than 10 mb size	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if more than 10mb	Pass	Negative	High
	79	Check the validation if user uploads invalid formats such as video, gifs, images etc in Upload resume	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if invalid file is uploaded	Fail	Negative	Medium
	80	Check the validation if user uploads malicious or blank file in Resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if file is corrupted/blank	Fail	Negative	High
	81	Check if user can remove and reupload the file in Resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	Remove and reupload should be allowed	Fail	Functional	High
	82	Check if user is able to open and view the uploaded file in resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	User can view the uploaded file	Pass	Usability	Medium
	83	Check the button alignment in Resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	Upload button alignment should be proper	Pass	UI	Low
	84	Check the response if no resume is uploaded	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message for no resume uploaded	Fail	Negative	High
	85	Verify the time taken while uploading file in Resume upload	Goto the career portal URL / Enter valid email id / Click on Continue	File should be uploaded within 5-10 seconds	Pass	Performance	High
Upload National ID	86	Verify user can upload only image file formats in National ID	Goto the career portal URL / Enter valid email id / Click on Continue	image files should be allowed in National ID	Pass	Positive	High
	87	Check the file name is displayed after uploading National ID	Goto the career portal URL / Enter valid email id / Click on Continue	File name should be displayed	Fail	UI	High
	88	Check if success message is displayed after uploading Valid National ID	Goto the career portal URL / Enter valid email id / Click on Continue	success message should be displayed after	Fail	Usability	High
	89	Check the validation if user uploads a National ID file having more than 10 mb size	Goto the career portal URL / Enter valid email id / Click on Continue	Validation messages if more than 10 mb	Pass	Negative	High
	90	Check the validation if user uploads invalid formats such as video, gifs, pdf, txt etc in National ID	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if invalid file is uploaded	Fail	Negative	Medium
	91	Check the validation if user uploads malicious file in National ID upload	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if file is corrupted	Fail	Negative	Medium
	92	Check if user can remove and reupload the file in National ID upload	Goto the career portal URL / Enter valid email id / Click on Continue	Remove and reupload should be allowed	Fail	Functional	High
	93	Check if user is able to open and view the uploaded file in National ID upload	Goto the career portal URL / Enter valid email id / Click on Continue	User can view the uploaded file	Fail	Usability	Medium
	94	Check the button alignment in National ID upload	Goto the career portal URL / Enter valid email id / Click on Continue	Upload button alignment should be proper	Fail	UI	Low
	95	Check the response if no National ID is uploaded	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message for no National ID upload	Fail	Negative	High
	96	Verify the time taken while uploading the file in National ID	Goto the career portal URL / Enter valid email id / Click on Continue	File should be uploaded within 5-10 seconds	Pass	Performance	High
Upload Certificates	97	Verify user can upload only image or PDF file formats in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	PDF and image format should be allowed	Pass	Positive	High
	98	Check the file name is displayed after uploading Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	File name should be displayed	Fail	UI	High
	99	Check if message is displayed after uploading certificates	Goto the career portal URL / Enter valid email id / Click on Continue	success message should be displayed after	Fail	Usability	High
	100	Check the validation if user uploads a Certificates file having more than 10 mb size	Goto the career portal URL / Enter valid email id / Click on Continue	Validation messages if more than 10 mb	Pass	Negative	High
	101	Check the validation if user uploads invalid formats such as video, gifs, pdf, txt etc in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if invalid file is uploaded	Fail	Negative	High
	102	Check the validation if user uploads malicious file in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message if file is corrupted	Fail	Negative	Medium
	103	Check if user can remove and reupload the file in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	Remove and reupload should be allowed	Pass	Functional	High
	104	Check if user is able to open and view the uploaded file in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	User can view the uploaded file	Pass	Usability	Medium
	105	Check the button alignment in Upload Certificates field	Goto the career portal URL / Enter valid email id / Click on Continue	Upload button alignment should be proper	Fail	UI	Low
	106	Check the response if no Certificates is uploaded	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message for no Certificates upload	Fail	Negative	High
	107	Verify the time taken while uploading the file in Upload Certificates	Goto the career portal URL / Enter valid email id / Click on Continue	File should be uploaded within 5-10 seconds	Pass	Performance	High
Submit Application but	108	Check the submit button and text is appearing clearly at the bottom	Goto the career portal URL / Enter valid email id / Click on Continue	Submit button should be clearly visible	Pass	UI	High
	109	Check the Spelling of the button text	Goto the career portal URL / Enter valid email id / Click on Continue	Spelling should be correct	Pass	UI	Medium
	110	Check the alignment of the Submit Application button	Goto the career portal URL / Enter valid email id / Click on Continue	Button alignment should be proper	Fail	UI	Medium
	111	Check the success message is displayed after submitting the application	Goto the career portal URL / Enter valid email id / Click on Continue	success message should be displayed after s	Pass	Usability	High
	112	Check the Validation message appears if any field is having incorrect values	Goto the career portal URL / Enter valid email id / Click on Continue	Message should appear if any incorrect value	Fail	Negative	High
	113	Check the Validation message appears if any field is kept blank	Goto the career portal URL / Enter valid email id / Click on Continue	Message should appear when required fields	Fail	Negative	High
	114	Verify the time duration for submitting the applicattion	Goto the career portal URL / Enter valid email id / Click on Continue	Response time should be within 10 seconds	Pass	Performance	High
	115	Check the Validation if clicked on submit with blank form	Goto the career portal URL / Enter valid email id / Click on Continue	Validation message should appear for blank s	Fail	Negative	High
Cancel button	116	Check the cancel button is clearly visible at the bottom	Goto the career portal URL / Enter valid email id / Click on Continue	Cancel button should be clearly visible	Pass	UI	High

	117	Check spelling of the text inside the button	Goto the career portal URL Enter valid email id Click on Continue	Spelling should be correct	Pass	UI	Medium
	118	Check the alignment of the cancel button	Goto the career portal URL Enter valid email id Click on Continue	Button alignment should be proper	Fail	UI	Medium
	119	Verify the cancel button functionality	Goto the career portal URL Enter valid email id Click on Continue	User should be redirected to previous page w	Fail	Functional	High
Update/Edit Applicatio	120	Verify "Edit Your Application" Form appears when user enters email which was used previously	Goto the career portal URL Enter valid email id Click on Continue	Edit Application mode should open with mess	Pass	Functional	High
	121	Check the spelling of "Edit Your Application" is correct	Goto the career portal URL Enter valid email id Click on Continue	Spelling should be correct	Pass	UI	High
	122	Check the values are displayed which were saved previously	Goto the career portal URL Enter valid email id Click on Continue	All values should be retained which was save	Pass	Functional	High
	123	Check the update application button is displayed on the bottom	Goto the career portal URL Enter valid email id Click on Continue	Update application button should be displaye	Pass	UI	High
	124	Update some details in the form and check if its updating	Goto the career portal URL Enter valid email id Click on Continue	User should be able to change the details an	Pass	Functional	High
	125	Check all the files are displayed which were uploaded previously	Goto the career portal URL Enter valid email id Click on Continue	Uploaded files should be retained which was	Pass	Functional	High
	126	Check if user can reupload the file and save	Goto the career portal URL Enter valid email id Click on Continue	User should be able to change the file and sa	Pass	Functional	High
	127	Check if updated details and files are appearing correctly when user revisits again or refresh the page after saving	Goto the career portal URL Enter valid email id Click on Continue	Modified files and other changes should be re	Pass	Functional	High
	128	Check the Validation if nothing is changed and clicked on update button	Goto the career portal URL Enter valid email id Click on Continue	Message should be displayed if clicked on up	Fail	Negative	High
End to End Testing	129	Modify the URL in the Browser manually with valid endpoint and check the response		Application should be loaded by entering vali	Pass	Functional	High
